

## **Sandeep Kapoor, MD**

*Director, Screening, Brief Intervention, and Referral to Treatment (SBIRT)*  
Departments of Emergency Medicine, Internal Medicine, Psychiatry & Behavioral Health  
The Feinstein Institute for Medical Research  
Northwell Health

*Assistant Professor of Medicine*  
Division of General Internal Medicine  
Department of Medicine  
Hofstra Northwell School of Medicine

Dr. Sandeep Kapoor is an Assistant Professor of Medicine at Hofstra Northwell School of Medicine and Director of Screening, Brief Intervention, and Referral to Treatment (SBIRT) at Northwell Health (formally known as the North Shore-Long Island Jewish Health System). Dr. Kapoor has worked towards strengthening the collaboration between the departments of Internal Medicine, Emergency Medicine, and Psychiatry, in efforts to further integrate Behavioral Health within Primary Care and Emergency Medicine. Leading an inter-professional, interdisciplinary team that has successfully implemented SBIRT within multiple clinical sites at Northwell Health, the SBIRT team has administered over 135,000 screens and 4,900 brief interventions since December of 2013, within four emergency departments and four primary care settings.

Prior to his position as Director of SBIRT, Dr. Kapoor received his medical degree from University College Dublin School of Medicine and later joined the Division of Child and Adolescent Psychiatry Research at Zucker Hillside Hospital. In conjunction with the Feinstein Institute for Medical Research, he spent close to eight years working on National Institute of Mental Health funded clinical randomized controlled trials and prospective naturalistic cohort studies.

In his current role, Dr. Kapoor serves as a liaison for Northwell Health with Substance Abuse and Mental Health Services Administration (SAMHSA), New York State Office of Alcoholism and Substance Abuse Services (OASAS), and partnering institution, The National Center on Addiction and Substance Abuse (CASA). Furthermore, Dr. Kapoor serves as a member of the New York State OASAS SBIRT Policy Advisory Committee and on a number of Delivery System Reform Incentive Payment (DSRIP) Behavioral Health and Primary Care committees.
